Each year, our team bands together in contacting the developers in sending congratulations for their games' respective nominations. There are no appearances required or speeches for the award(s) you might win; our ceremony is a commemoration of video games from the past year. As such, we would like to invite you to join our stream and watch with the fans. The show's expected air date will be in

February, and we would like to invite you to tune in and check it out.

Per our yearly format, there may be some negative awards in the mix as well. Should you win one of these negative awards, don't be upset or disappointed. Take it as a form of criticism so that you can improve in 2018 and beyond.

Feel free to contact any of the show's staff with any questions, comments or concerns. Thank you for your contributions to the gaming world this year, and we hope you accept our invitation.

Sincerely,
The 2017 Vidya Gaem Awards Team
